

Ventura County Chapter CALIFORNIA WOMEN FOR AGRICULTURE 2021 SCHOLARSHIP PROGRAM

The mission of California Women for Agriculture is to educate and advocate for agriculture - specifically California Agriculture. In addition, CWA Ventura County Chapter strives to increase awareness of, appreciation for, and connection between our local community and Ventura County farmers and ranchers.

To this end, for many years we have awarded scholarships to help fund the education of promising students planning to pursue careers in agriculture or agriculture-related fields. These scholarships have been awarded to students attending universities, junior colleges and trade schools.

The entire community of Ventura County benefits when we help our young people realize their dreams. It is also our intention to lend financial help to those in need.

The number and dollar amount of scholarships awarded may vary from year to year.

Scholarship applications should be postmarked or received through email by **July 15, 2021**. Late or incomplete applications may not be considered.

Please email completed application and supporting documents to:
